

2024 IKBF Referee Training & Selection Camp

In preparation for the referee selection process for the 2024 World Cup & International OPEN that will be happening in South Korea in November 2024, the IKBF is organizing its Asian version of the IKBF Referee Training & Selection Camp.

The objective of the event is to offer participants a chance to improve their Kin-Ball referee skills, rule understanding through a series of specific exercises and game scenarios and to get evaluated by the IKBF. It represents a great opportunity for any referee to be evaluated and to share refereeing time with the best Asian referees.

Any active referee having Level 2A certification and over (IKBF or recognized level 3 or level 3A certifications) are invited to participate, the maximum number of participants is 12. The training will be given in English but an interpreter will be present to ensure the content is available in Mandarin, Korean and Japanese languages.

The event will also be used by the IKBF to establish a list of the best referees in order to prepare the selection for the 2024 World Cup and International OPEN. The presence of referees wishing to apply in the selection process for the events is highly recommended.
